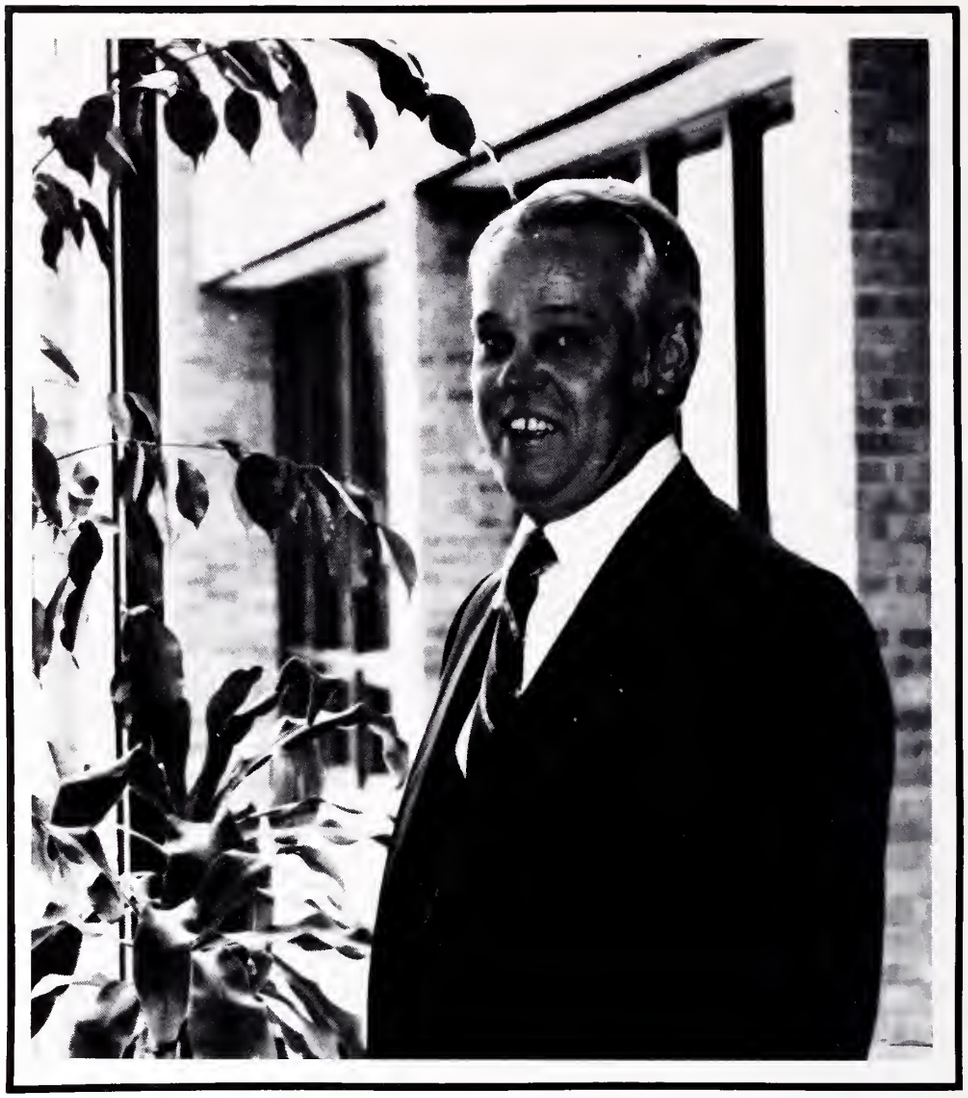
ADMINISTRATION



In representing the vocational-technical education faculty and administrative staff, I have been very pleased with the growth and quality of students enrolling in the various programs at this institution. We are proud to have played a part in the education of our students which has in turn helped to increase the per capita income in Northeast Mississippi.

It has been a pleasing experience to work with the many students through the years. I hope that each of you will treasure not only your portrait but other events published in this year's annual.

This annual is another means of keeping ourselves informed as to growth patterns so that we may better serve our community in its future training needs.

Thank You for Being a Friend

(As recorded by Andrew Gold)

ANDREW GOLD

Thank you for being a friend
Traveled down a road and back again
Your heart is true, you're a pal and a confidant.

I'M not ashamed to say
I hope it always will stay this way
My hat is off, won't you stand and take a bow.

And if you threw a party
Invited everyone you knew
You would see the biggest gift would be from me
And the card attached would say.

Thank you for being a friend.

If it's a car you lack
I'd surely buy you a Cadillac
Whatever you need any time of the day or night.

I'm not ashamed to say
I hope it always will stay this way
My hat is off, won't you stand up and take a bow.

And when we both get older
With walking canes and hair of gray
Have no fear even though it's hard to hear
I will stand real close and say.

Thank you for being a friend.

And when we die
And float away
Into the night
The milky way
You'll hear me call
As we ascend
I'll say your name
Then once again.

Thank you for being a friend.
